# When your party changes, change your party - It's time to vote Lib Dem!

The important question locally in this election is who will represent us here in the Newark Constituency? The choice is a member of Boris Johnson's disgraced government, an unknown Labour candidate from the bankrupt Nottingham City Council or **Lib Dem** Councillor and activist **David Watts**.

**David** is a local solicitor and environmentalist. He is also the editor of Challenge, the flagship journal of the Green **Liberal Democrats**, the environmental arm of the **Lib Dems**. **David** is a councillor in Nottinghamshire and has lived here for nearly 30 years.

The **Liberal Democrats** believe in a fair deal for the UK. That means:

**Saving the NHS**

**Solving the social care problem**

**Tackling the cost of living crisis**

**Taking climate change seriously**

**Investing in education**

**Stopping sewage dumping**

**Fair Votes**

**Protecting civil liberties**

**Improving our roads and public transport**
